INSTRUCTIONS

A committee which files a pre-election campaign statement or abbreviated statement and which, after the closing date of the statement, receives no contributions and makes no expenditures related to the election, may designate the statement a "final statement" by signing this declaration and filing it with the campaign statement. A committee that files a campaign statement and a completed Form 400 is not required to file any subsequent pre-election statement in connection with the election. However, if the only campaign statement filed within a six month period is an abbreviated campaign statement (Form 480) which is declared final, the committee is required to file a complete semi-annual statement by July 31 or January 31.

This declaration may be filed after a previously filed statement if it is determined that the statement should have been designated a final statement. However, the declaration must be filed prior to the filing date of the next statement to avoid late fines.

DECLARATION

As treasurer of the committee filing this (abbreviated) campaign statement, I declare that the committee has not received contributions or made expenditures and has no present intention of receiving contributions or making expenditures related to this election after the closing date of this statement. If any such contributions are received or expenditures made, additional (abbreviated) campaign statements will be filed as required by law. I understand that failure to file statements if any such additional contributions are received or expenditures are made will subject me to civil and criminal penalties.
